

# SKILLS BOOTCAMP

**Enterprise  
Cheshire +  
Warrington**

Upskilling to Upskill

**Meaningful  
And  
Present in  
Society**

## NEW PROFESSIONAL DEVELOPMENT OPPORTUNITY FOR THE SOCIAL CARE WORKFORCE

**Develop your career in social care by completing Empeiria's Skills Bootcamp in Upskilling to Upskill (MAPS) and embrace an exciting opportunity to develop your role from Support Worker/Carer to fully trained Skills Coach.**

**This is a 10 week program - funded by Enterprise Cheshire and Warrington / DFE\* to improve the quality of support provided to people accessing Social Care Services.**

\*Percentage of funding will be dependent on size of employer

## WHAT IS INCLUDED?

- Learners will delve into the current state of social care and gain an understanding of how society has perceived and valued individuals who are considered "different". By doing so they will be able to comprehend the significance of adopting a new perspective in social care.
- Learn how becoming a Skills Coach can empower individuals to lead more fulfilling lives, particularly through positive risk taking, while still effectively managing potential risks without being overly protective.
- Develop an understanding of the responsibilities and duties outlined in the Mental Capacity Act 2005 (MCA) and how upskilling can also be utilised to support adults who may lack capacity.
- The concept of MAPS will be explored in greater depth, with an emphasis on using the "MAPS" compass principles to adapt, engage and encourage learning.
- Skills Coaches will also acquire the necessary skills to effectively teach new skills through task analysis, systematic learning and other coaching practices.
- Skills Coaches will learn how to utilise an adaptable MAPS Toolkit that enables them to document & evidence the progress of those they are supporting in a customised manner, thereby facilitating a comprehensive understanding of their development in an outcome focused way.

## WHY BECOME A SKILLS COACH?

**Empeiria Training believe that all people supported in services have huge potential and by providing people with opportunities to learn and enhance their skills through upskilling, they will be able to achieve their goals and become more **Meaningful And Present in Society (MAPS)**.**

***Upskilling leads to achievement and the feeling of accomplishment. It brings value to a persons life and will lead to true inclusion.***
